PETITION TO CHANGE ORDER OF INVENTORS
37 C.F.R. 1.182

A petition (copy attached) requesting that the "First Named Inventor" in the above-captioned patent application be changed to John R. Jansen, was entered on May 7, 2004, according to PAIR. The appropriate petition fee was accepted by the PTO. A Notice of Allowance has now been issued in this case, however the bibliographic data (copy attached) has not been changed to show John R. Jansen as the first inventor and Thomas J. Miller as the second inventor.

Applicant respectfully requests that this change be completed.

Respectfully submitted,

Thomas D. Bratschun, #32,966

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450PETITION TO CHANGE ORDER OF INVENTORS
37 C.F.R. 1.182

This petition is respectfully submitted to request that the "First Named Inventor" in the above-captioned patent application be changed to John R. Jansen.

STATEMENT OF FACTS

The above-captioned application was filed on February 9, 2004. In the application transmittal, Application Data Sheet and declaration Thomas J. Miller was listed as the first inventor. Although the order of inventors is of no consequence insofar as the legal rights of applicants, the order does have some significance in the scientific community. On a scientific communication it is assumed by the scientific community that the author listed first is the primary inventor. Because John R. Jansen is the primary inventor, it is very important to him that his name be listed first on the patent.

On the basis of the foregoing, Applicants respectfully request that the "First Named Inventor" be changed to "Jansen".
